

MEGA_AUDIT.EXE - AI Diagnostics Report

Your business automation plan that saves you ~10 hrs/week
[sample report]

Your business:

→ Small direct-to-consumer business

Manual work bottleneck:

→ Wasting time on processing each order manually using Google Sheets

 **AUDIT_RESULTS.win**

Estimated ROI & Time Saved

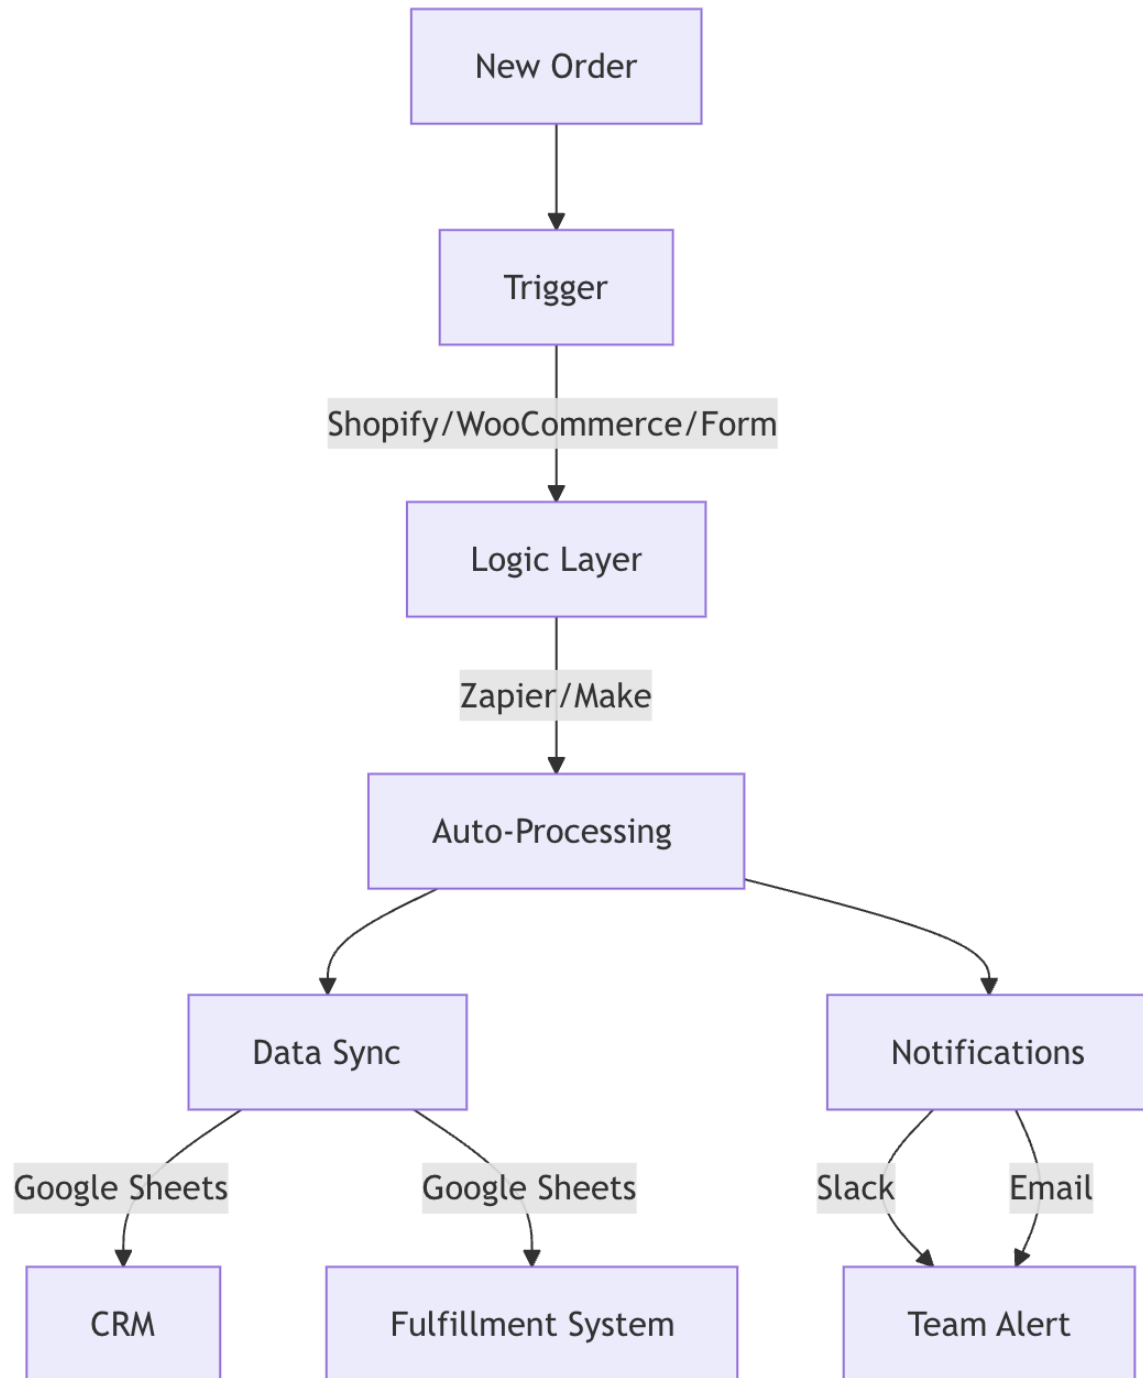

- Time saved: **7-10 hours/week**
- Value of time saved: **~\$400-\$750/month**
- Implementation cost: One-time, \$1000
 - Support cost: <\$20/month
- Break-even: **~1.5 month**

Proposed Automation Flow & Stack

1. **Trigger:** New order via Shopify / WooCommerce / custom form
2. **Logic Layer:** n8n / Zapier / Make – auto-process orders
3. **Data Sync:** Google Sheets → CRM + fulfillment system
4. **Notifications:** Slack or Email confirmation for the team

Flow Diagram:

⚙️ Implementation Complexity

- Easy, deploy in 2-3 days
